

WASHING INSTRUCTIONS FOR GARMENTS AND OTHER FABRIC PRODUCTS

Due to the characteristics of material and dye, our merchandises are not taken dye-fixing treatment. There would be slight shrinkage and color bleed.

For lasting natural texture, PLEASE CONFIRM THE WASHING LABEL BEFORE WASHING.

- Please wash separately for all washable items.
- When hand washing, please press wash and do not knead wash. After rinsing, please immediately drain, reshape and let it dry naturally under the shade.
- Leaving the item wet or piling together with other laundry will cause color bleed.
- Please use laundry detergent without fluorescent and/or bleach.
- Soaking in hot water may cause color bleed.
- The item would release the dye by rubbing, water or etc, so please avoid the combination with white color or light color items.
- Keeping at a place where direct sunlight, fluorescent lamp, or other lighting hits, may cause discoloration so please be careful.
- The items using delicate material or technique, applying too much strength or pulling too much will cause ripping or breaking, so please handle with care when wearing, using or washing.
- Please take off all removable beads, spangles, shells etc. before washing.
- Hand woven items may have some weaving irregularity but has no problem with quality. Also please note beforehand that there may be more or less difference from the size mentioned.
- The items of batik print sometime remain the wax (brown dot), which is used in production. It can be removed by washing.
- The items using slit yarns (lame yarns) would easily have the color bleed when gets wet with water, sweat and/or drink etc. Please wash and dry it as quick as possible.
- For children and people with sensitive skin, washing the item before using is recommended. In case of getting skin rash or feeling abnormality, please stop using and consult with specialist.

Regarding the washing symbols
